Clean and simple, the Women's Airnet helmet is the ideal blend of functionality and performance for riders seeking both adventure and style.

Ponytail-ready, ultra-light micro-dial HairPort fit system with height adjustability.

4th Dimension Cooling System with deep internal channels, large vents, and aligned exhaust ports.

Composite matrix internal reinforcement allows larger vents for greater cooling.

Vent grippers integrated at the front and rear for secure eyewear storage.

drirelease® Merino wool pads for increased comfort and sweat/ temperature management.

Thin, soft, and lightweight 4X DryLite webbing won't stretch out with sweat or water.

Tri-Fix web splitter for improved comfort and ease of strap adjustments.

Instrap webbing system for ultra-light construction and security.

Reflective decals for increased visibility in low-light conditions.
